

## Table Trucks

### Flat Storage Trucks

#### Construction

- Welded frame consisting of angle iron rails 2" x 2" x 1/8" thick.
- Intermediate cross angle iron rails 1-3/4" x 1-3/4" x 1/8" are welded to outer frame for added rigidity.
- Removable U-handle constructed of 1" diameter 13 gauge steel tubing fits into pipe sockets welded to truck frame.
- Finish: all metal parts are black powder coated.

#### Casters

- Four 6" solid rubber casters.
- Two Fixed, Two Swivel.
- Caster available with brakes for an additional cost.

#### Capacity

- 1200 lbs.
- 12 - 14 Maywood rectangular folding tables up to 96" in length and 30" in width.

# Edge Storage Trucks

## Construction

- Welded frame consisting of angle iron rails 2" x 2" x 1/8" thick.
- Intermediate cross angle iron rails 2" x 2" x 1/8" are welded to outer frame for added rigidity.
- Removable U-handle constructed of 1" diameter 13 gauge steel tubing fits into pipe sockets welded to truck frame.
- Finish: all metal parts are black powder coated.

## Casters

- Four 6" solid rubber casters.
- Two Fixed, Two Swivel.
- Caster available with brakes for an additional cost.

## Capacity

- 1200 lbs.
- 8 Maywood round folding tables from 36" to 72" diameter.

# Edge Storage With Ramp Trucks

## Construction

- Welded frame consisting of angle iron rails 2" x 2" x 1/8" thick.
- 1/8" thick steel ramp is welded to frame for loading and unloading tables.
- Intermediate cross angle iron rails 2" x 2" x 1/8" are welded to outer frame for added rigidity.
- 1/4" steel rods are welded to cross pieces to support tables upright.
- Removable U-handle constructed of 1" diameter 13 gauge steel tubing fits into pipe sockets welded to truck frame.
- 1/4" steel rods are welded across U-handle to support tables upright.
- Finish: all metal parts are black powder coated.

## Casters

- Four 6" solid rubber casters.
- Two Fixed, Two Swivel.

## Capacity

- 1200 lbs.
- 8 Maywood round folding tables, either 60" or 72" diameter.

# Small Pedestal Storage Trucks

## Construction

- Welded frame consisting of angle iron rails 2" x 2" x 1/8" thick.
- Intermediate cross angle iron rails 1-3/4" x 1-3/4" x 1/8" are welded to outer frame for added rigidity.
- Removable H-handle constructed of 1" diameter 13 gauge steel tubing fits into pipe sockets welded to truck frame.
- Tops store on edge; bases slide onto center pole; columns store upright in narrow frame which accommodates 30" thru 42" heights.
- Finish: all metal parts are black powder coated.

## Casters

- Four 6" solid rubber casters.
- Two Fixed, Two Swivel.
- Caster available with brakes for an additional cost.

## Capacity

- 1200 lbs.
- Components for 14 complete Maywood Pedestal Tables up to 36" in diameter.

# Large Pedestal Storage Trucks

## Construction

- Welded frame consisting of angle iron rails 2" x 2" x 1/8" thick.
- Intermediate cross angle iron rails 1-3/4" x 1-3/4" x 1/8" are welded to outer frame for added rigidity.
- Removable U-handle constructed of 1" diameter 13 gauge steel tubing fits into pipe sockets welded to truck frame.
- Tops store on edge; bases slide onto center pole; columns store upright in narrow frame which accommodates 30" thru 42" heights.
- Finish: all metal parts are black powder coated.

## Casters

- Four 6" solid rubber casters.
- Two Fixed, Two Swivel.
- Caster available with brakes for an additional cost.

## Capacity

- 1200 lbs.
- Components for 23 complete Maywood Pedestal Tables up to 36" diameter.

# Deluxe Storage Trucks

## Construction

- Welded frame consisting of angle iron rails 2" x 2" x 1/8" thick.
- Intermediate cross angle iron rails 1-3/4" x 1-3/4" x 1/8" are welded to outer frame for added rigidity.
- Carpeted plywood bolted to cross rails.
- Removable U-handle constructed of 1" diameter 13 gauge steel tubing fits into pipe sockets welded to truck frame.
- Finish: all metal parts are black powder coated.

## Casters

- Four 6" solid rubber casters.
- Two Fixed, Two Swivel.
- Caster available with brakes for an additional cost.

## Capacity

- 1200 lbs.
- 12 - 14 Maywood rectangular folding tables up to 96" in length and 30" in width.
